Professional Development & Product Training

Providing ongoing professional development for educators is one of the most critical success factors for better training and teaching outcomes.

Alpha Publishing, in partnership with a selection of independent trainers, provides specifically tailored program training and practice sessions for teachers, to ensure they have the right skills to teach our programs to their students. Conducted via online distance learning or at-site events, the training is comprehensive, interactive, and educational, answering any questions the teachers may have before entering the classroom.

We also provide leadership and school management courses, including distance learning best practices, with hints and tips to support teachers and schools.

For more information about professional development and product training please call **+971 4 391 8658** or email our Head of Consultancy and Training Danielle Nasser, **danielle.nasser@alphapublishing.com**.
